# LEAD ACID SOLAR TUBULAR BATTERIES 

Lento uses premium technology and high grade materials in these Lead Acid Tubular Batteries to deliver maximum power for extended durations and have an appreciably longer life span. These batteries are specifically suitable for powering up UPS and Inverters.

Lento flooded Lead Acid Batteries are environment-friendly, highly reliable in performance and are low in cost. Here again our extensive research and development wing has helped us to create batteries customized to suit international operating conditions. These flooded batteries are perfect for use in battery powered vehicles and power inverters as well as for telecom use.

## Salient Features

- Specially mixed corrosion resistant alloy for spins \& gride.
- Tubular gauntlets of high brushing strength with high performance for positive plates.
- Low maintenance battery
- Specially designed vent plugs to trap electrolyte loss
- Good recovery from deep discharging.
- Long shelf life when left unattended for extended periods
- Long life cycle

Technical Specification @ C-20 Batteries

| Models | Capacity at 27 deg C | Dimension ( $\pm 3 \mathrm{MM}$ ) |  |  | Weight$(K g+5 \%)$$\text { (Kg } \pm 5 \%)$ |  | $\begin{gathered} \begin{array}{c} \text { Volume } \\ \text { of } \\ \text { Electrolyte } \end{array} \\ (1.220 \\ \text { Sp. Gr) } \\ \\ \text { Liters } \end{gathered}$ | Intial Charge Minimum AH Input (AH) | Constant <br> Potential <br> Limiting <br> Current <br> (Amps) | Tricle Charge Current in (mA) |  |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: |

## Condition Of Fully Charged

A) 3 consecutive hourly reading of specific gravity and voltage become constant
B) Top of charge voltage will be around $16.2 \mathrm{~V}-16.5 \mathrm{~V}$
C) All Cells should be gas freely
D) Minimum Ah has been given
5. Specific Gravity at fully Charged condition $1.240+-0.005$ at 27 Deg C

PRODUCT FEATURES
 unattended for extended periods
(III- Pasted Negative Plates

Acid Resistant Polyester Gauntlets High Porosity Envelope Separators

III+ Tubular Positive Plates
